

SCHOOL GOVERNOR SERVICES

Supporting governing boards to raise and maintain standards.

Keeping pace with legislation, juggling the ever-changing demands on the school budget, and ensuring the right skill sets are in place for effective governance can present an array of challenges. To help you rise to such challenges with confidence, BEP has partnered with Capita Entrust to provide schools, academies and multi academy trusts with specialist expertise in school governance. This service will help governing bodies operate effectively and efficiently. We will ensure that your school is compliant with all relevant regulations and best practices, and well-positioned to handle any educational policy changes or operational adjustments with ease.

Capita Entrust's experienced and dedicated Governor Support Team will help maximize the effectiveness of your governing body through the provision of high-quality, comprehensive information, support, and professional development. So, you can be assured that your school runs smoothly and delivers first class learning experiences for your pupils.

Services to governing boards include:

GOVERNOR SUPPORT PACKAGE

A comprehensive package of training, development and support materials including events, access to exclusive online training and resources, a termly governor information pack, monthly newsletter and expert support via email.

EXTERNAL REVIEW OF SCHOOL GOVERNANCE

An in-depth, review to assess how well your Governing board is working. Our governance expert will then work with the board members, head teacher and clerk to make any necessary improvements.

TRAINING COURSES

Our range of training courses and events, online and in-person, covers all aspects of the role of a governor or trustee as well as policy and role requirement updates.

CLERKING SERVICE

Our team of clerks have the insight and experience to provide informed advice for your Governors and senior leadership team and to ensure all governance administration at your school is taken care of fully and promptly.
